This document was last updated on 22 March 2022

Purpose

1. The purpose of this document is to set out information to Ukrainian New Zealanders regarding:
 - (a) Key legal requirements in relation to the 2022 Special Ukraine Visa, which was announced by the New Zealand Government on 15 March 2022.
 - (b) The resources that are available to assist you to complete the 2022 Special Ukraine Visa.
 - (c) Our comments in relation to the 2022 Special Ukraine Visa.
2. We were asked to set out this guidance at the request of the “Mahi for Ukraine” team for the benefit of Ukrainian New Zealanders.

Process

3. In order for Ukrainian family members of the New Zealand Ukrainian community to secure a visa to travel to New Zealand, a two-stage process is required.
4. First, the New Zealand sponsor seeks approval to nominate their family members through an Expression of Interest application to Immigration New Zealand.
5. Second, following review of the Expression of Interest Immigration New Zealand will then invite the family members who appear to meet the policy criteria to apply for visas, and grant visas to people who meet the requirements.
6. There are no application fees payable for the Expression of Interest or visas issued.

14. We appreciate that the 2022 Special Ukraine Visa Expression of Interest form might not cater for your specific circumstances, notably because the policy and the form were created under urgency as a response to the deteriorating events that are unfolding in Ukraine. If so, we recommend you prepare a covering note, which is sent to Immigration NZ along with your completed 2022 Special Ukraine Visa Expression of Interest form to SpecialUkraineEOI@MBIE.govt.nz.
15. On a final point, it should be noted that a dependent child or partner of a NZ citizen or resident visa holder in NZ can already enter the closed border through the “standard” border entry settings. If in doubt, seek advice from Immigration NZ, an immigration lawyer or licensed immigration adviser.
